### ANCAP Safety Rating: **HYUNDAI TUCSON** (2015 - onwards)

Frontal offset test at 64km/h

## This ANCAP safety rating applies to: Make / Model Hyundai Tucson Year Range 2015 - onwards Variant(s)\* 2.0 litre GDi Petrol 2WD Vehicle Type Medium SUV

The tested model of Hyundai Tucson was introduced in Australia and New Zealand in mid-2015. This rating applies to 2-wheel-drive variants with the 2.0 litre GDi petrol engine.

Dual frontal, side chest and side head airbags (curtains) are standard. Electronic Brake Distribution (EBD) and Emergency Brake Assist (EBA) are also standard. Advanced seat belt reminders are fitted to all seats. Advanced crash avoidance features are available on higher-priced variants.

Driver leg and foot protection was marginal in the frontal offset test. There was a slight risk of serious chest injury to the driver in this test.

#### Injury Outcomes.

# Frontal Offset Driver Passenger Side Impact & Pole\* Driver

#### Whiplash Protection

Driver

#### Test Results Summary.

Airbags	Dual Frontal, Side, Head
Frontal Offset Test	11.46 (out of 16)
Side Impact Test	16.00 (out of 16)
Pole Test	2 (out of 2)
Whiplash Protection	Good
Pedestrian Protection	Marginal
ESC	Standard
Seat Belt Reminders	3.0 (out of 3)
Overall Score	32.46 (out of 37)
ANCAP Safety Rating	****
Rating Year^	2015

#### Occupant Protection.

#### **Frontal Offset Test**

Each body region is scored out of 4 points

Head / neck: 4.00 points
Chest: 3.05 points
Upper legs: 4.00 points
Lower legs: 0.41 points

The structural integrity of the driver footwell was compromised in the frontal offset crash test. There was also excessive rearward and upward movement of the brake pedal.

#### Side Impact Test

Each body region is scored out of 4 points

Head: 4.00 points
Chest: 4.00 points
Abdomen: 4.00 points
Pelvis: 4.00 points

The side impact test normally used by ANCAP simulates a small car striking the driver's door of the test vehicle. Experience shows that high vehicles like the Tucson can be expected to perform well in this test. ANCAP has adopted a policy of awarding these types of vehicles a default score of 16 points (out of 16).

#### Pole Test

Scored out of 2 points

Score: 2.00 points

The vehicle was eligible for a side pole test because it has side curtain airbags. The vehicle scored the maximum 2 points for head protection in this test.

#### **Whiplash Protection Test**

Whiplash protection is assessed to the RCAR Protocol

Geometric test: Good Dynamic test: Good Overall whiplash rating: Good

ACCEPTABLE MARGINAL POOR

## ANCAP Safety Rating: HYUNDAI TUCSON (2015 - onwards)

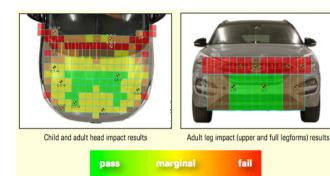

#### Pedestrian Protection.

#### **Pedestrian Test**

Scored out of 36 points

Adult & child head impacts: 13.58 points Upper leg impacts: 0.15 points Lower leg impacts: 4.62 points

This vehicle scored 18.35 out of 36 points (Marginal). Some points have been gained in the central area of the bonnet. Improvements could be made to the upper leg area that would result in better performance for this vehicle. The European model tested by Euro NCAP had a pop-up bonnet that provided less injury risk to pedestrians. This is not available on Australasian models. (v8)

#### Score Deductions.

**Deductions from frontal offset test scores** 

Head / neck: No deduction

Chest: No deduction

Upper legs: No deduction

Lower legs/feet: - 0.431 pts (excessive brake pedal vertical

movement, 79mm)

- 1.788 pts (excessive brake pedal rearward

movement,145mm)

- 1 pts (footwell rupture)

Deductions from side impact test score

Chest: High-seat vehicle: default side impact

score awarded.

**Deductions from pole test score** 

Head: No deductions.

#### Safety Features & Technologies.

Descriptions of each of these safety features and safety assist technologies (SAT) and detail on fitting requirements for each star rating level can be found at **ancap.com.au**.

Safety Feature / Safety Assist Technology	Availability
Seat belts (three-point) for all forward-facing seats	S
Seat belt pretensioners (front)	S
Seat belt pretensioners (rear outboard)	X
Intelligent seat belt reminder (driver)	S
Intelligent seat belt reminder (front passenger)	S
Intelligent seat belt reminder (2 <sup>nd</sup> row seats)	S
Airbag - Front (driver)	S
Airbag - Front (passenger)	S
Airbag - Side, chest protection (front seats)	S
Airbag - Side, chest protection (2 <sup>nd</sup> row seats)	X
Airbag - Side, head protection (front seats)	S
Airbag - Side, head protection (2 <sup>nd</sup> row seats)	S
Airbag - Knee (driver)	Х
Airbag - Knee (front passenger)	Х
Head restraints for all seats	S
Active (pop-up) bonnet for pedestrian protection	E
Adaptive cruise control (ACC)	Х
Antilock braking system (ABS)	S
Autonomous emergency braking (AEB)	V
Daytime running lights (DRL)	S
Electronic brakeforce distribution (EBD)	S
Electronic stability control (ESC)	S
Emergency brake assist (EBA)	S
Hill launch assist	S
Lane support system (LSS)	0
Reversing collision avoidance	S
Tyre pressure monitoring system (TPMS)	V

These specifications are subject to change. Please check with the manufacturer for the latest specifications.

S = Standard on all variants.

**O** = Optional on base variant. May be standard on higher variants.

V = Not available on base variant but standard or optional on higher variants.

**X** = Not available on any variant.

E = Available in Europe / USA but not available on any Australasian variant.

<sup>\*</sup> ANCAP safety ratings do not automatically extend to variants that have different body styles, engine configurations, driven wheels or occupant restraint systems (e.g. fewer airbags). In these cases, ANCAP considers technical evidence submitted by manufacturers before deciding on extending a rating to additional variants of a model. For further information about the application of ANCAP safety ratings to model variants, see the ANCAP Variant Policy.

<sup>^</sup> The Rating Year denotes the year requirements against which a vehicle has been assessed. The Rating Year is determined by ANCAP and may be based on the year in which a new vehicle model is first launched into the Australian and/or New Zealand markets; the year in which the vehicle was tested (if tested by Euro NCAP); or, for vehicles wich hold an existing ANCAP safety rating, the year in which the rating was updated (or earlier applicable year).
